- 🇭🇺 **Hungarian** : A1 – Beginner Level

WORK EXPERIENCES

FREELANCE / LILLE - FRANCE & REMOTE / SINCE APRIL 2026

Mutuelle des Motards x Vipali — React Native/Go

Health prevention app for members

- Development of the mobile application in collaboration with Vipali, a Lille startup specializing in health prevention aimed at 260,000 members

Other missions :

- Defense jury at Epitech

FRONT DEV – SWIFT / REACT NATIVE / REACT / NEXT.JS

LA MOBILERY / WASQUEHAL - FRANCE / NOV 2021 - DEC 2025

Auchan • Swift / SwiftUI

Mobile application for the general public (drive, catalogue, loyalty)

- Development of new features on the general public app in Swift, used by millions of customers
- Gradual migration of UIKit components to SwiftUI, improving code maintainability
- Active participation in Agile rituals and reinforcement of the Product Owner on the division of features

Vivelys • React Native

Wine tank sensor monitoring

- Development of a mobile app for recovering and synchronizing sensor data in offline-first mode
- Implementation of data feedback visualization graphs allowing users to detect anomalies in real time. This increased vigilance allows us to react immediately and guarantee the optimal quality of the wines.

Atelier des Lumières • React Native/React

Complete redesign of the application

- Technical lead and project management on the redesign of the application
- Web back-office update
- Coordination of a multidisciplinary team of 3 people (development and design)

CLAIRE MERLIN

DEVELOPER • WEB & MOBILE
FREELANCE

GAMBETTA HIGH SCHOOL / ARRAS - FRANCE / 2015 • Drama & Dance Option

HOBBIES

DANCE

MUSIC

SPORT

PERFORMING ARTS

TRAVEL

 I have had the opportunity to volunteer at animal shelters in South Africa on several occasions.

Animal and environmental protection is something I really care about.

 Very athletic, I train in France and abroad in different dance styles and give K-pop lessons.
